Over 100 years of history to become a reference company worldwide

Roca began its activity as a company that made cast iron radiators for domestic heating at its factory in Gavà, near Barcelona. After these first radiators, the firm expanded its portfolio with the production of boilers. In 1929, Roca entered the bathroom space by starting the production of baths.

Always attentive to the changes in society related to water culture, the main natural resource Roca works with, the company assumed in 1936 the challenge of producing vitreous china bathroom appliances. After that, in 1954 Roca started the production of brassware.

In the 90s the Group developed a first step of international expansion, mainly based on setting up commercial branches and signing agreements with local leading brands. Besides Portugal and France, Roca’s presence started to spread over the United Kingdom, Germany, Italy, Russia, Morocco, Argentina, Brazil and China.

The turning point of the internationalization process took place in 1999, with the acquisition of the Swiss Keramik Holding Laufen, fourth global manufacturer in those days. The acquisition of Laufen allowed the Group to strengthen its position in strategic markets where the brand had less presence, such as Eastern Europe, Brazil and the USA.

In 2005 Roca announces an ambitious strategic plan focused on bathroom spaces, achieving the world leadership of the sector in 2006.

Today, Roca is a global brand with presence in more than 170 markets, supplied by its 78 production plants and over 22,000 employees worldwide.

Roca Tile USA is an offspring of the Roca Corporation. It is a worldwide leader in manufacturing, distributing and marketing of high-quality ceramic and porcelain tile under two brands Roca and United States Ceramic Tile. The company’s product range offers solutions for multiple uses, from versatile wall tile to highly resistant indoor and outdoor floor tiles, including single colors, marble, wood, concrete, fabric, decorative tiles and a wide array of complementary pieces.

MISSION & VISION

Our mission is to offer superior quality products, in order to satisfy all customer needs in residential, industrial and public installations.

Our vision is to be a leader in the ceramic sector and to be respected as an organization that sets the bar high on quality and development, excels in customer service and respects the environment.
ROCA CERAMIC & PORCELAIN TILE DIVISION

- 4 Production plants
- 6 Showrooms & 5 distribution centers in the USA
- International presence
- 1,350 Professionals on our team

WORLDWIDE PRESENCE

- 78 Production plants
- Sanitary Ware + Faucets + Bathroom Furniture + Installation Systems + Ceramic & Porcelain Tile
- Present in 170 Countries
- 23,615 Professionals on our team
Roca Galleries are not just physical locations, but rather an entire concept that conveys the avant-garde offering and forward-looking vision of Roca. Built with the principles of design, innovation and sustainability in mind, Roca Galleries clearly showcase the leading and global brand’s commitment to an ongoing discourse with society as a whole, but more specifically with professionals who share an interest and concern in cultivating the bathroom concept.

The Roca Galleries serve as a meeting place and arena for open dialogue, drawing together like-minded designers, architects and interior decorators from around the globe. Locations in London, Shanghai, Barcelona, Madrid, Lisbon and Beijing provide a multidisciplinary platform for interchange, thereby constructing a world-wide network to identify, interpret, develop and share information on new trends in the field.

Zaha Hadid Architects in London; Francesc Rifé Studio in Shanghai; Borja, Lucia and Carlos Ferrater’s OAB architectural studio in Barcelona; Estudio Lamela in Madrid; Ferruz Decoradors in Lisbon; and Ma Yansong in Beijing have brought this vision to life in the Roca Galleries that combine an engaging look and true representation of the brand’s values.

Hence, the Roca Gallery sites are designed as flexible, functional places to show off the wide range of Roca products alongside a broad offering of socio-cultural activities.
At Roca USA Inc., we are fully conscious of the importance of preserving the environment and our future. We are actively developing innovative practices designed to obtain optimum environmental management initiatives.

As proof of our efforts, our facilities have been awarded some of the top certifications in the environmental sector.

- We were the first of the ceramic sector to be granted an Environmental Authorization Integrated (AAI) license.
- We have been recognized with diverse certifications of quality such as ISO 14001.
- Our products are recognized and qualify for LEED.
- We are unique in the Spanish ceramic sector to have received certifications from EMAS, ECOLABEL, as well as the Bureau Veritas of the European Union.

These certifications support our management directives that environmental achievements go beyond what is required by legislation, including strict programs of continuous improvement that are audited periodically.

**TOP GREEN**

Top Green is manufactured with 80% recycled pre-consumption material, CERTIFIED BY BUREAU VERITAS. It is an entirely green tile, taking sustainability into account throughout the production process. Top Green contributes to sustainability in buildings according to the LEED (Leadership in Energy and Environmental Design) system.
Wall & Deco Collections
Our flagship collection, this classic has been revamped with a variety of formats and finishes to make it even more modern and versatile. Ideal for any commercial or residential space, let our color palette be your inspiration for your next project.

Fabric-Tweed, a tribute to fabrics, to the warmth of rugs and the well-being of domestic interiors. A touch of fabrics and knitwear makes up this floor tile that combines the smoothness of carpets along with the technical qualities of ceramics. The Fabric decoration pays a tribute to the monochrome sobriety in different colors while Tweed, with its spike-shaped design, is a creative example that celebrates the traditional Jacquard in a perfect range to carry out combinations.

Sapeli FGBT8E6761
Industrial wood-look tile at its finest. Our Wynwood Collection is the cohesion of wood and concrete, making it a unique porcelain tile ideal for contemporary spaces and transitional design. Its complete color palette ranges from warm to cold colors: Blanco, Forest, Silver, Graphite & Antracita, adding a degree of versatility to the space you can create with this collection.
WYNWOOD | Color Body Porcelain

Sizes

Wynwood 8”x40” R
- Blanco AFWY01R-840
- Silver AFWY02R-840
- Graphite AFWY03R-840
- Forest AFWY04R-840
- Antracita AFBAM4R-840

Wynwood Blanco

Wynwood Silver

Wynwood Graphite

Wynwood Forest

Wynwood Antracita
The wood effect that decorates interiors and exteriors. The Yellowstone collection is perfect for both residential and commercial spaces. The rustic look and vintage feel of wood add character and warmth.

WHAT ARE ROCA USE GROUPS?

Before selecting the product for an installation, it is recommended always to check the group to which it belongs with regard to its intended application.

To facilitate this task, Roca has drawn up a list of use groups, which are a general classification to be used as a guideline and is based on the Surface Abrasion standard (ISO 10545-7), the Mohs scale (EN-101), Stain Resistance (ISO 10545-14), Chemical Resistance (ISO 10545-13), the Deep Abrasion standard (ISO 10545-6). In this way, Roca’s products are classified for guidance. Depending on the conditions of use, the professional will decide on the most suitable product.

The choice of non-slip products can be made in accordance with the ‘DCOF’ section found in the Product Technical Sheets.

Roca recommends the use of the Product Technical Specifications available through our commercial network or on our website (www.rocatileusa.com), in order to be more familiar with the product and make the most suitable choice.

Although the final responsibility of the choice of the Roca tile used lies with the user and the projects’ management, Roca’s commercial and technical staff will be pleased to advise you on the choice of the tile product.
RETURN AUTHORIZATION AND SHIPMENT CLAIMS

- Requests for credit or correction for errors caused by incorrect order entry or shipment must be submitted in writing and sent via fax or e-mail to the Customer Service Department within 1 month of invoice date.
- Claims as to breakage, shortage or variance in quantity should also be sent in writing to the Customer Service Department no later than 5 business days after delivery. There will be no exceptions to this policy under any condition.
- Any discrepancy should be noted on the bill of lading and verified with a signature from the driver delivering the load.
- Any claims of defects in quality shall be made in writing to Roca USA Inc. immediately upon discovery.
- Roca USA Inc. shall be provided samples adequate to test the product claimed to be defective and shall be afforded the opportunity to take its own samples.
- Notification of refused shipments must be communicated to the Roca USA Inc. Customer Service Department within 1 business day in order to process a Return Authorization form and credit the customer's account.
- Material cannot be returned without obtaining approval from Roca USA Inc. through a Return Authorization consent form. Roca USA Inc. will only accept return of current inventoried product in full cartons and in good, saleable condition within 30 days of purchase date. A 20% restocking charge will be applied to any returned materials and customers will be responsible for the freight cost of return.
- There will be no refunds/returns on natural stone, setting materials, and special order products, as all sales are final on these items.

SHIPPING CLAIMS

- Unless otherwise stated on the bill of lading, the Roca USA Inc. terms of shipment are FOB origin.
- Once a shipment has left the Roca USA Inc. warehouse, the cargo is the responsibility of the consignee. When the shipment is picked up at the warehouse, the driver must sign the bill of lading indicating the number of pallets on the shipment. When the shipment arrives at its destination, the customer should ask the person who receives it to count the number of pallets.
- Obvious damage to the shipment must also be noted on the bill of lading. Claims of this nature will not be honored unless noted on the bill of lading.
- All damaged goods must be held for inspection or until the claim is settled. Claims relating to breakage will only be accepted if the shipment has been coordinated through Roca USA Inc. Customers who coordinate a pick up through their own carrier should file claims directly with the shipping company.

CONTAINER ORDERS

- Transportation for import container shipments is the responsibility of the consignee once they have cleared Customs at the Port of Entry, unless otherwise agreed with Roca USA Inc.
- When the shipment arrives at its destination, please inspect the contents of the container before signing the bill of lading. Obvious damage must also be noted on the bill of lading in the presence of the driver.

WARRANTY AND CONDITIONS OF SALE

- Any charges incurred after the shipment clears Customs will be the responsibility of the customer. Claims of this nature will not be honored unless noted on the bill of lading.
- Please take pictures before and after unloading pallets for insurance purposes. Roca USA Inc. will be insurance claims for you if we are notified within 5 business days of receipt of the shipment.
- Title for material on Direct Container shipments is transferred upon issuance of the bill of lading. Requests for credit or correction for either damages or breakages not made within 10 business days of receipt of shipment will not be allowed. For assistance, contact the Roca USA Inc. Customer Service Department.

QUALITY

Roca USA Inc. is responsible only for products manufactured and packaged at locations duly authorized by Roca USA Inc. Roca USA Inc. warrants only that the products it sells will at the time of delivery meet the applicable specifications Roca USA Inc. makes. No other representations, or warranties, or quality, or merchantability, or fitness for any purpose and none shall be implied by any written or oral statements made by any Roca USA Inc. employee or agent. Any quality claims included but not limited to shade, appearance, caliber or obvious defects must be communicated before the tile is installed. Installation constitutes acceptance. Once installed, Roca USA Inc. assumes no liability for claims related to product.

LIMITED WARRANTY

Roca USA Inc. warrants that its First Quality (i.e. Standard Grade) ceramic tile is manufactured according to ANSI A137.1-1988 and meets or exceeds those requirements. Roca USA Inc. makes no warranty as to the suitability of its tile for a particular installation. Roca USA Inc. does not warrant that its glazed or unglazed tile will not scratch, chip or show signs of wear. Should a tile product be determined not to conform to the Roca USA Inc. warranty, the buyer's sole and exclusive remedy shall be a replacement of the product with tile of compatible color and shade, as determined by Roca USA Inc. Labor and installation charge are expressly excluded from this warranty. Roca USA Inc. shall not be liable under this warranty for any other damages, costs or expenses including, without limitation, any incidental or consequential damages. The warranties set forth herein are in lieu of all other warranties expressed or implied. Roca USA Inc. disclaims all other warranties including implied warranties of merchantability and fitness for a particular purpose. The use of muriatic acid (hydrochloric acid) in removing grout haze will void all warranties.
To maintain the beauty and elegance of Roca tiles, we recommend the daily cleaning of the material using conventional procedures.

To remove remains of dust and solids: sweeping or vacuum cleaning.

Do not use dust-catcher mops with silicone or wax.

The cleaning of the surface should be carried out with neutral soap and the amount of water recommended by the manufacturer.

Do not use cleaning products containing wax, brighteners or with similar additives as they may leave a waterproof layer on the tile over time that will affect its surface appearance.

We recommend the use of doormats, which should remain clean, in the entrances to tiled areas, either from the street, terraces or gardens, to avoid the entrance of abrasive elements. Special care should be taken in areas close to beaches or construction works, as sand or stones might be brought in.

We recommend placing protections on the objects that might damage the tile when dragged (metallic legs of tables, chairs, etc.), being especially rigorous with gloss and satin finished products.

Should the dirt not be removed entirely, we provide the following chart, where you may find the suitable cleaning agents for each type of dirt:

<table>
<thead>
<tr>
<th>TYPE OF STAIN</th>
<th>CLEANING AGENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oil, ink, marker pen, tomato, fruit, chocolate, grease</td>
<td>Organic solvents: alcohol, turpentine, acetone</td>
</tr>
<tr>
<td></td>
<td>Alkaline detergents in liquid or powder form</td>
</tr>
<tr>
<td></td>
<td>Bicarbonate</td>
</tr>
<tr>
<td>Tar, rubber, shoe polish, paint, graffiti, wax, resins, marker pen, nail polish</td>
<td>Organic solvents: alcohol, turpentine, acetone</td>
</tr>
<tr>
<td>Coffee, ice cream, nicotine, wine</td>
<td>Alkaline detergents in liquid or powder form</td>
</tr>
<tr>
<td>Lime, cement, beer, metal deposits, soft drinks, fruit juices</td>
<td>Diluted acids: vinegar, hydrochloric acid</td>
</tr>
<tr>
<td>Glue, chewing gum, tyre or shoe rubber</td>
<td>Organic solvents: alcohol, turpentine, acetone</td>
</tr>
<tr>
<td></td>
<td>Diluted acids: hydrochloric acid</td>
</tr>
<tr>
<td>Blood, mercromina, iodine</td>
<td>Oxidant: oxygenated water</td>
</tr>
<tr>
<td>Incrustations</td>
<td>Pressurized water</td>
</tr>
</tbody>
</table>

Never use any products containing hydrofluoric acid, only those indicated in the table above.

All the products in this table may be easily found in ordinary household stores and shopping centres.

SPECIALY INDICATED FOR POLISHED PORCELAIN TILES:

Once the entire material has been laid and the remains of cement, pointing and other building material have been cleaned, on some polished surfaces the presence of an “oily” film can be observed due to the “stain-resistant” inertisation treatment they are given. Should this occur, Roca recommends the cleaning of the surface with drycleaning products (powder detergents), and once that fine protective layer has been removed, then clean the product as indicated previously. In extreme lighting conditions, light reflections might occur due to the high degree of brightness and the features of the product.

We recommend cleaning stains immediately.
